

基督教宣道會錦綉幼稚園/幼兒學校通告(20-21第34號)

全面恢復半天面授課堂

致各位家長：

接獲教育局通知本校可於2021年3月3日(星期三)起恢復全校半天面授課堂，學校已經全方位準備所有復課的條件，依照教育局指引，繼續保持校園衛生，安排全體教職員定期每兩星期進行病毒檢測，保障學生的健康，學校安排學生分批上學及放學，希望在恢復面授課堂後，讓家長和學生安心地重返校園，本校會密切留意有關情況以下為復課的安排：

級別		返放學時間
高 班 (K3)	上午班 全日班	上午 8:45 - 12:15
	下午班	下午 1:05 - 4:30
低 班 (K2)	上午班 全日班	上午 8:50 - 12:10
	下午班	下午 1:10 - 4:20
幼 班 (K1)	上午班 全日班	上午 8:55 - 12:05
	下午班	下午 1:15 - 4:15
幼 小 班 (N1)	上午班 全日班	上午 9:00 - 12:00
	下午班	下午 1:15 - 4:15

- (一) 量度體溫：家長確保每天學生回校前已量度體溫，並帶備已有家長簽署的《量度體溫記錄表》回校。學生每天返抵學校進入校舍前，學校亦會為他們再量度體溫，以識別發燒學生。
- (二) 茶點安排：學校安排每位學生派發獨立包裝茶點回家享用，每天自備水樽，有需要時飲用。
- (三) 準備物品：穿著整齊(家長可按當天天氣穿著冬季或夏季校服/運動服)、鞋、書包、已完成的功課、毛巾盒、水樽、兩個備用口罩(需要時學校會提供)。
- (四) 學校會靈活安排學生分批排隊前往洗手間，並安排教職員從旁提點和協助；定時清洗消毒及更換玩具、圖書、教具等，並將它們擺放於不同區角，以便兒童分散進行各類學習活動，避免聚集。

- (五) 教師盡量使用課室的空間，安排學生分批飲水，讓學生保持一定的距離，亦已設置隔板，減低兒童受感染的風險。
- (六) 學校會按校情適當編排場地，讓學生安全地進行活動；進行活動時，教師和學生應佩戴口罩及保持一定距離，並提示學生避免觸摸眼睛、鼻和口。每次進行體能活動前後，學生均會清潔雙手，避免進行需要學生接觸同一物品或共用設施/器材的活動。音樂活動，包括唱歌時，避免進行一些需要學生接觸同一樂器的活動，減低病毒透過飛沫傳播的機會。在活動後學校會以稀釋家用漂白水/酒精消毒有關用品。
- (七) 惟鑑於 2019 冠狀病毒病的疫情仍可能有變化，學校會繼續密切留意有關情況，家長亦需密切注意教育局及學校的最新公布。在此勸喻家長，如無必要，勿讓子女到人多擠迫的地方，如學生曾經外遊或到訪任何香港以外的國家/地區，必須向校方報告離港時間和地點，並遵從衛生署的檢疫要求。
- (八) 家長一經證實以下情況，必須即時求診，不應讓學生上學並請即時致電通知本校，以便本校採取應變措施及通知教育局：
- (a) 學生出現發燒、呼吸道感染徵狀或突然喪失味覺或嗅覺等；
 - (b) 學生證實染上 2019 冠狀病毒病；
 - (c) 學生被衛生署界定為 2019 冠狀病毒病確診個案的「密切接觸者」；
 - (d) 學生被界定為「受檢人士」，必須按衛生防護中心的指示在指定日期內進行病毒檢測，並在檢測結果確定為陰性後才能回校。
- ★ 家長與學生時刻保持個人衛生及身體情況，保持良好生活習慣和健康體魄。
 - ★ 戴口罩、勤洗手
 - ★ 如出現發燒、咳嗽及上呼吸道感染病徵，請盡快求醫。
- (九) 由於學生停課一段較長的日子，復課後他們需要時間適應學校生活程序，因此，請家長多關心學生的情緒，有需要時作適當安慰，或與老師溝通，或與駐校社工聯絡。

願主保守和帶領，讓我們共同努力，盼望疫情消退，盡快回復正常的健康生活！如家長對復課安排有任何疑問，請致電本校 2471 6461 查詢。

此致
各家長

C. & M. A. Fairview Park Kindergarten/Nursery School Notice(20/21-034)

Fully resume half-day face-to-face class

March 1, 2021

Dear Parents :

The Education Bureau has notified us that our school can start a half-day face-to-face course from March 3, 2021 (Wednesday). The school is fully prepared for the resumption of classes. According to the guidelines of the Education Bureau, we will continue to maintain school hygiene and arrange for all teachers to undergo a two-week virus test to protect the health of students. The school has arranged for students to travel to and from the school in batches. I hope that after the face-to-face classes resume, parents and students can return to school with confidence. The school will pay close attention to this situation. The following is the restoration schedule:

	Grade	Time
K 3	A.M. Class Whole day Class	8:45a.m. – 12:15a.m.
	P.M. Class	1:05p.m. – 4:30p.m.
K 2	A.M. Class Whole day Class	8:50a.m. – 12:10a.m.
	P.M. Class	1:10p.m. – 4:20p.m.
K 1	A.M. Class Whole day Class	8:55a.m. – 12:05a.m.
	P.M. Class	1:15p.m. – 4:15p.m.
N 1	A.M. Class Whole day Class	9:00a.m. – 12:00a.m.
	P.M. Class	1:15p.m. – 4:15p.m.

1. Body temperature measurement: Before returning to school every day, parents should make sure that they have measured the temperature of their students and bring a "Temperature Measurement Record Sheet" signed by the parents to return to school. Before students return to school every day and enter school, the school will measure the temperature again to identify students with fever.
2. Refreshment arrangement: The school will distribute food to every child to enjoy at home. Please send a water bottle to drink water when needed every day.
3. Prepare items: dress neatly (students can wear winter or summer school uniforms/sports clothes according to the weather of the day), shoes, school bags, complete homework, towel box, water bottle, two spare masks (the school will provide them when needed).
4. The school will arrange for students to line up to go to the toilet in batches, and arrange staff to pick them up and assist them from the side; also regularly clean and disinfect and replace toys, books, teaching aids, etc., and place them in different corners to keep children scattered. We will carry out various learning activities and avoid gatherings.
5. The school makes best use of the classroom space, arranges students to drink water in batches, keeps students at a certain distance, and sets up partitions to reduce the risk of children being infected.

6. The school will arrange venues according to the school situation so that students can safely carry out activities. When performing activities, teachers and students should wear masks and keep a certain distance, and remind students to avoid touching their eyes, nose and mouth. Before and after sports, students will clean their hands and avoid activities that require students to touch the same objects or share facilities/equipment. For music activities including singing, activities that require students to touch the same musical instrument will be avoided to reduce the chance of the virus spreading through droplets. After the event, the school will use diluted household bleach/alcohol to disinfect related supplies.
7. In view of the possible changes in the COVID-19 epidemic, the school will continue to monitor the situation closely. Parents should also pay close attention to the latest announcements from the Education Bureau and schools. I hereby advise parents not to let their children go to crowded places unless necessary. If students have traveled abroad or visited any country other than Hong Kong, they must report the departure time and place to the school and meet the quarantine requirements of the Ministry of Health.
8. If the following conditions are determined, parents must seek medical attention immediately. They should not go to school, please call the school immediately so that the school can take emergency measures and notify the Education Bureau:
 - (A) The student has fever, respiratory tract infection symptoms or sudden loss of taste or smell, etc.;
 - (B) The student has been confirmed to be infected with COVID-19;
 - (C) The Ministry of Health defines students as "close relatives" of confirmed COVID-19 cases;
 - (D) Students are defined as "subjects" and must be tested for the virus within the specified date according to the instructions of the Health Protection Center, and can only return to school after the test result is negative.
 - ★Parents and children must maintain personal hygiene and physical condition, maintain good living habits and healthy physique.
 - ★Wear a mask and wash your hands often
 - ★If you have fever, cough and upper respiratory tract infection symptoms, please seek medical attention as soon as possible.
9. As children have been suspended for a long time, they need time to adjust to the school's life procedures after they resume classes. Therefore, parents are encouraged to pay more attention to their children's emotions and provide appropriate comfort when necessary, or communicate with teachers or contact school social workers.

May the Lord protect and lead, let us work together, hope that this epidemic will subside and return to normal and healthy life as soon as possible! If parents have any questions, please call our school at 2471 6461, thank you!

Yours sincerely,

Helen Lam
